## GEORGE S. WRIGHT TO SPEAK TONIGHT

Will Address "Daily" Staff on Practical Journalism

A meeting of an instructive nature will be held in the editorial rooms of the "Daily" to-night, at 7.30. The speaker of the evening will be Mr. George S. Wright, editorial writer of "The Montreal Star," who will address the "Daily" staff on the principles of successful journalism.

It has been the policy of the "Daily" executive to secure the services of prominent speakers who are trained in the profession, to lecture to the staff on the best methods to adopt in writing news stories, and turning out articles that will interest the public.

Most of the "Daily" men are inexperienced, and sometimes meet with difficulty in writing articles that are clear, readable, and possessing the time of the city papers.

The chief aim of the paper is to develop the art of good newspaper writing. It is hoped that meetings of a similar nature will be held in the future, when the men will have the privilege of hearing different speakers on the subject.

Mr. Wright has had varied and extensive experience in journalism, both in the Old Country and in Canada. At present he is the editorial writer of the Montreal Star, a position which only a man of distinction could creditably occupy.

The meeting promises to be one of exceptional interest, and all who attend will find Mr. Wright not only a speaker, but a friend to aspiring writers. All members of the staff are invited.

The "Daily" will discontinue publication on the 16th inst., and will resume on the fourth of January.

## CERCLE FRANCAIS MEETS ON TUESDAY

Varied Programme—Prof. Leacock to Speak

The members and friends of the Cercle Francais will be pleased to hear that another meeting of the Cercle will be held on Tuesday, in the Union, at 8 o'clock. Professor Stephen Leacock will be the guest and will deliver an address on "How French Should be Taught."

Another important feature of the evening will be a debate. The subject is: "Resolved, that the English Language is superior to the French Language." Bozell and Preppell will take the side of the affirmative, and Franklin and Milling the negative.

## ARTS UNDERGRADS. GATHER TONIGHT

To Discuss Vital Questions—Final Interclass Debate

The Arts undergrads. will gather in full force to-night for a regular meeting of the Undergraduate Society, which will be held in the Union Cafeteria at eight o'clock. The regular business of the Society will be dealt with, and this will include several very important questions. The foremost among these is the discussion in connection with the change of constitution to exclude all Commerce students from the Society. The Commercial Society recently went on record as being in favor of a complete split from the Arts Undergraduate Society, and a change of the present rulings will be necessary before this matter can be brought to a satisfactory conclusion.

Another important event on the evening's programme will be the final interclass debate between Arts '23 and Arts '25. The debating teams from both of these classes have been very successful up to the present, and to-night will witness the final struggle for faculty superiority. The question for debate is: "Resolved, that the United States should enter the League of Nations immediately," and Wells and Freeman will uphold the affirmative for the Seniors. The Sophs will be represented by Penrose and Everett, who will undoubtedly present many strong points to uphold their side of the argument.

At the conclusion of this debate the members of the faculty team will be announced and a short resume of the interclass debates will be given. The system has proved very satisfactory this year, and it is expected that the Arts team will present a strong opposition for the lawyers, when the inter-faculty debate between Arts and Law is held on December 18th.

Other attractions for the evening will include the ever welcome refreshments, which will be served at the conclusion of the meeting.

## INFORMAL TICKETS ON SALE THIS NOON

The third informal dance of the season is announced to take place in the Union on Friday night. The University Dance Orchestra will give their usual splendid music, and all the other arrangements have been made to make this one the last but not the least of the dances to be held in the old year, 1922.

The price will be the usual one, two dollars. The tickets will be placed on sale at the Union at one o'clock to-day, and judging by the success of the previous dances it will be necessary to be sharp on time to obtain a ticket.

## "DAILY WEEK" OUTLOOK IS VERY BRIGHT

Final Plans for Campaign Are Announced

MANY ACTIVE

Enthusiastic Co-operation Necessary for Success

"Daily Week" planned and explained at the open meeting of the Students' Council last week, begins to-day, and will last until next Monday.

The co-operation of all the class presidents, and the heads of the undergraduate societies has been enlisted in order to make the drive a success, and it is confidently expected that the efforts of all the students will be exerted to make the movement one that will realize the hopes of the student governing body.

There have been organized campaigns of very kind held about the campus since the opening of the University term, but there has not been one that so vitally interested every undergraduate. The need of making the movement an undoubted success touches both the pride and the pockets of the students. In the first place, the Students' Council announces that the object of the campaign must be attained if McGill is to carry on its activities in a manner that will be as outstanding as that of any of the other colleges, and, secondly, that it is necessary if a further levy is not to be made on the students in order to carry on the regular business of the Students' Society.

As soon as the campaign had been announced last week, quite a large number of the students anticipated the opening of the week, and started to work actively. The results of their efforts have been very gratifying to the management of the business department of the college paper, and it is expected that they will be overworked from the present time onwards when all of the students form together in a combined effort to secure the desired result.

If the daily returns from the campaign only prove to be as successful this week as they were last Friday and Saturday there will be no doubt about the ultimate result; but it will be possible to make it even greater when everyone starts working in unison.

Complete details of the plans for this week have been placed in the hands of the class presidents and may be secured on application to them. The presidents of the various undergraduates societies and the faculty representatives of the Students' Council are also behind the movement, and will give details to anyone requesting them. Directions about the proper method of helping in the campaign can be secured from the Secretary's office in the Union, and returns are also to be given in there.

## CONCERT NUMBERS ARE ANNOUNCED

Glee Club Working Hard to Make Thursday a Success

The Glee Club gave an excellent concert last year, but obviously has no intention of letting the grass grow under its feet. This year the music chosen is chiefly more difficult and of a higher type and it is the club's avowed intention to establish a good and permanent library. Enthusiasm among the members is steady; attendance at all rehearsals has been regular, and there is felt a reasonable ambition to make the club grow into something distinctive, an ambition that is not at all impossible of realization. The new part songs to be sung on Thursday are: "A Lullaby of Love," Percy E. Fletcher; "Choric Measure," Ethel Boyce; "I Would I Were the Glow Worm," Londonderry air arranged by Harold Rhodes; "Who Rides for the King," Reginald Somerville, and John E. West's setting of "Loch Lomond." The programme also includes "Drake's Drum," by Coleridge; Taylor, "The Keys of Heaven," "John Peel," and "Over the Sea to Skye," the last three having been on the Glee Club's programme last year and are being repeated by request.

When winter comes there will be plenty of teams wishing to make trips in order to meet other colleges. The number of trips will depend largely on the revenue the Council receives from the advertising in the Daily. Help yourselves by patronizing our advertisers, and don't forget to tell them where you come from.

"DAILY" WEEK

## WHAT'S ON

### TODAY

12.50—Science '25 meeting in Room 37.  
5.00—S.C.A. Committee meeting.  
5.00—Intermediate basketball.  
5.00—Cabinet meeting of Mock Parliament.  
5.15—Wrestling eliminations and practice.  
6.00—Senior basketball practice.  
7.30—Daily Staff at Union.  
7.30—Mandolin Club practice.  
8.00—Mechanical Club meeting.  
8.00—Arts Undergrad Society in Union.  
8.15—Water Polo game at Rubenstein Bath.

### COMING

Tuesday, Dec. 12—  
Maritime-Western dance.  
Inter-Faculty Debate.

Friday, Dec. 15—  
Informal Dance.  
Saturday, Dec. 16—  
Boxing Semi-finals.  
Sunday, Dec. 17—  
Student Service.  
Monday, Dec. 18—  
Boxing Finals.  
Wednesday, Dec. 20—  
Psychological Society.  
Thursday, Dec. 21—  
Last day of Lectures.

## STATEMENT ISSUED BY PRINCIPAL

Makes Statement Regarding Gym-Dormitory Building

SALARIES RAISED

Large Sum of Money Spent on New Accommodation

The following statement, in connection with the Gymnasium-Dormitory building, has been received from the Principal, Sir Arthur Currie, and will undoubtedly prove of interest to every member of the student body:

The Editor, McGill Daily:  
Dear Sir.—My respect and admiration for the esprit de corps of the student-body of McGill influences me to make some observations and to give some facts regarding the proposed Gymnasium-Dormitory building.

This is not a new subject. It has been debated and discussed by Governors, graduates and students of the University before either the present student-body or myself ever thought of having any association with McGill. Speaking on behalf of the Board of Governors and of the other members of Corporation I can say that every argument advanced in support of the urgent need of dormitories and the gymnasium receives our warm approval. It would be wrong, unjust and unfair for anyone to charge the Board of Governors with indifference regarding the provision of this Gymnasium-Dormitory building, but up to the present we have been unable to find the necessary funds to carry on that work. The cost of the proposed building is in the neighbourhood of \$800,000, but there is available the Douglas bequest, amounting to about \$300,000. The annual cost of borrowing the net amount (\$500,000) would be \$30,000, and had the Board of Governors authorized the erection of such a building it would have been necessary to borrow the money for such a purpose or for some other purposes which the Board has considered to be more important.

You may ask what these purposes are. In November, 1920, as the result of an appeal to the graduates, the students, and other friends and well-wishers of McGill, there was pledged the amount of, roughly, \$640,000. It must not be forgotten that the privilege was granted the donors of paying their gifts in instalments spread over five years. The amount already paid in is most satisfactory, but still there is a considerable sum outstanding. In the light of past experiences it would be too much to hope that every cent pledged will be paid, and in their consideration of the funds available the Board of Governors must bear this fact in mind. The first building operations authorized by the Board of Governors since the campaign was the extension to the Library. The actual cost of the extension

## GRADS. HEAR SIR ARTHUR AT CHICAGO

Chicago Alumni Society Entertain Many Notables

GUEST OR HONOUR

"Seeking of Truth Greater than Acquiring Knowledge"

The following extract from the Chicago Tribune gives an interesting report on an address made recently by Sir Arthur Currie before the McGill University Alumni Association of Chicago. The president of this society is George A. Johnstone, with David E. McMillan and Mabel H. Walbridge, vice-presidents. Norman Kerr, the secretary-treasurer, sent the extract to the "Daily," and he speaks very enthusiastically of the address, which was made by McGill's Principal. Other speakers on the evening's programme included Harry Pratt Judson, President of the University of Chicago; Walter D. Scott, President Northwestern University; Samuel Insull, President Commonwealth Edison Company; David Kinley, President University of Illinois; Rev. John Timothy Stone, Fourth Presbyterian Church, Chicago.

The following is the extract from the Tribune:  
"The seeking of truth is greater than the acquisition of knowledge, and, second only in importance to this, is the putting of the wisdom you have acquired at the service of your country."

This was the message for the promotion of peace which Sir Arthur W. Currie, a commander of the British Expeditionary Forces, brought to Chicago recently. As the Principal of McGill University at Montreal he was the guest of honor at a banquet given by the McGill University Alumni Association of Chicago at the University Club.

Finishing schools where girls are sent to acquire education for "decorative purposes," and academics where young men are sent to obtain learning, for its "cash values" were denounced by the soldier-educator as "despicable."

"There is one ideal of education," he said, "which teaches men how to make a living rather than how to make a life. But the best ideal is the creative ideal, the ideal which builds character and leads to civic usefulness."

"As to the forces for the promotion of peace, I haven't much faith in these mothers' societies to prevent war. War is caused by three things—the growth of a national spirit, jealousy over trade, and development of the yellow race. There is no great international court, and that is what we need."

Walter Dill Scott, president of Northwestern University, in an address

(Continued on Page Two)

## MINERS WILL HOLD SMOKER NEXT WEEK

Mining & Metallurgical Soc. Will Meet December 18

The members of the McGill Mining and Metallurgical Society will be pleased to hear that the Society's first smoker will be held on Monday, December 18 at 8 p.m. The festivities will take place in the club rooms of the Canadian Institute of Mining and Metallurgy in the Drummond building.

A similar function was held last year and was pronounced an unqualified success by all those who were so fortunate as to attend.

The assembled miners and metallurgists will be favoured by speeches from several members of the faculty. Mr. G. C. Mackenzie, secretary-treasurer of the Institute, will also speak.

All paid-up members of the society will be welcome and may rest assured of an excellent evening's entertainment.

A NEW WAY TO PAY OLD DEBTS.

The expenses of the student activities have to be met by the Students' Council in some way. Patronize the advertisers in the Daily, and help to get more advertising, and you will have found a new way to pay old debts.

Share alike is fair enough. Give the advertisers a return for the assistance they give to you.

The Daily represents McGill. Why don't you? Drop a word at the stores.

## THE PRINCIPAL'S LETTER

The statement issued by the Principal of the University, to be found in this edition of the "Daily," will be a source of satisfaction to the student body. Not only does it serve to throw light upon the outlays made by the Board of Governors since the financial campaign of two years ago, an explanation of which has long been awaited about the campus, and the publication of which has been frequently urged in this column, but its result will also be apparent, we feel sure, in operating to dissipate any suggestion that may have been entertained by the undergraduates that their interests were being ignored by the authorities and replacing this misapprehension by one of confidence in the respect given to a persistent stand by the students and in the efficacy of the means at their command to make such apparent to those at the head of the university administration. There can be no doubt but that the words contained in the communication received from the Principal will be closely and widely scrutinized and while some of the sentiments inserted therein may not be greeted with immediate endorsement, the policy of the Principal in placing the facts before the students will be deeply appreciated.

No one would question the wisdom of the maintenance of a teaching staff that will bear comparison with any upon the continent, and in this endeavour we believe that McGill has been successful. Where we cannot express full acquiescence to the views contained in the Principal's letter is in the opinion put forth that the erection of a Gymnasium-Dormitory would have defeated this end. It seems that, if funds had been devoted to this latter purpose in preference to application to the raising of other buildings—notably the addition to the Library and the new Dental Wing—with a possible limited expenditure in the direction of additions to the staff, a very small amount of money, in comparison to recent outputs by the authorities, would have been required for the inclusion of the Gymnasium-Dormitory building in the programme. Also, it must be remembered that a constant inducement must be extended to matriculants if the influx of students is not to diminish; that such influx is in danger of falling off unless it can be shown that McGill does not lack what other colleges afford, and that students are as essential to a university as professors.

The one point that the Principal's letter does not settle is the combination of circumstances which brought about a complete alteration in the convictions of the Board of Governors during the summer months. At the conclusion of the Spring Session the students left their lecture rooms content with the promises extended to them that dormitories and gymnasium would be ready for the fall. On their return to college they found an entire change of attitude on the part of those in authority. Just what prevented anticipation of the difficulties that have since arisen, is not disclosed. However, the need for a gymnasium and for dormitories remains vital; each day definite action is postponed renders the deficiency increasingly apparent.

## "DAILY WEEK"

"Daily Week" commences today. Undergraduates of McGill are requested to do three things to render its institution a success: First to employ the "personal touch" with any firms that they may deem prospects as advertisers in the "Daily," notifying their class president or other representative before taking action; secondly, to "Patronize McGill Daily Advertisers" in every instance, and to bring to their notice that patronage is extended to them by reason of their advertising in the "Daily"; thirdly, to fill out the forms supplied by the Advertising Manager, requesting information as to expenditures by the students during the last week—the blanks to be found on the second page of the "Daily," or to be distributed about the classrooms.

Co-operation is essential to the success of the scheme. Each student must take to heart the demand made upon him to live up to the conditions explained above, and so emphasizing to the Advertiser, in return for the support which he accords the "Daily," that he is obtaining returns for his money. In this way, the work of the Advertising Manager will be greatly facilitated, and the financial state of the student paper placed upon a secure basis.

## EDITORIAL NOTE

The apathy displayed by the student body, and particularly by the executive of the late Players' Club, in resurrecting that organization has been most discouraging. One suggestion was proffered in the Correspondence Column of this paper, and that by a non-member of the executive. It has received no response. It will be a severe disappointment if McGill is to have no Players' Club during the coming months, and if, because of some disagreement as to the policy to be pursued by the club, the students of the University are to be deprived of all opportunity of displaying their talent along dramatic lines. Action must be taken at once if it is to be effective.

## YOU TELL THEM, MCGILL

There are very few philanthropists among the business houses who advertise in the college paper. They are paying for space in the paper for the sole purpose of securing the trade of the students, and they want to know what returns they are getting for the expenditure they make.

Men who are coming to college from places outside of the city buy from the advertisers because they are the only places with which they are brought into contact; the students as a whole go to the merchants who patronize the Daily to show their college spirit and because they know that they are getting full

value for their money. There is no complaint about the returns that the advertisers are getting, for the students are doing their part; but do the advertisers know it?

College men have nothing that distinguishes them in appearance from the ordinary patrons of the stores downtown, and the merchants have no way of judging whether or not they are getting any response to their appeals unless the students themselves tell them where they come from. It is surely no difficult matter for a man to mention that he saw an advertisement in the Daily when shopping. You tell them, they want to know.

## NOTICES

### ANNUAL NOTICES

#### Subscriptions.

Class presidents have subscription lists for the 1924 Annual. The attention of the students is drawn to the fact that no books will be published except those actually subscribed for.

#### Write-ups.

Class and club articles for the Annual must be handed to the Biography Editor, your Faculty representative, a member of the Annual Board, or left at the Hall Porter's desk, Union, without delay.

#### Photographs.

Individuals, Clubs and Societies who wish their photographs to appear in the Annual will have to telephone Mr. Burroughs at St. Louis 5096, and make a special appointment. Because of the Christmas rush at the photographers, pictures must be taken immediately.

#### Proofs.

The photographers report that several proofs, chiefly of group pictures, have not yet been returned. Some of these were delivered by the photographers as long as two weeks ago. Will the groups kindly see that all proofs are returned without further delay.

The following is a revised list of headings to be published in the 1924 Annual, both humorous and serious: Arts, Arts Juniors, Commerce, Commerce Juniors, Medicine, Medicine Juniors, Science, Science Juniors, Law, Law Juniors, Dentistry, Dentistry Juniors, R.V.C., R.V.C. Juniors, Music, Theology, M.S.P.E., Student Organizations, McGill Daily, Athletics, Mock Parliament, Fraternities, and "The End."

Although a number of the above designs have been promised, several still remain to be done, and it will be noticed that additional designs have been called for in the last few days. Those willing to undertake the design of one or more of the above headings, are urged to see the Art Editor, P. R. Wilson, Architectural Dept., Engineering Bldg., before starting work, and as soon as possible. One copy of the 1924 Annual will be awarded to every artist whose work appears in the publication.

### GLEE CLUB

Concert on Thursday, December 14, at R.V.C.

### SCIENCE '25.

There will be a meeting of the class of Science '25, at 12.50 to-day, in Room 37. The meeting is for the purpose of selecting a candidate to go to the convention in Toronto during the Christmas holidays.

### MOCK PARLIAMENT.

There will be a meeting of the Cabinet of the Mock Parliament at 5 o'clock to-day, in the Union.

### ARTS '25.

All members of Arts '25 who are purchasing class pins are requested to pay their money to MacDiarmid, as soon as possible. Pins \$2.10; ring \$4.75.

### GAME POSTPONED.

The baseball game, which was to have been played between Arts '23 and Arts '26 to-night, has been postponed till a week Tuesday.

### MCGILL MANDOLIN CLUB.

The final and last practice of the Mandolin Club in preparation for our engagement at the Allen Theatre on Wednesday, will be held to-night at Peate's Studio, at 7.30. All those who were at the rehearsal last Thursday, have to be present at the practice in order to learn the order of their music and seating arrangement. This is essential in order that our programme will proceed smoothly and without a hitch.

The executive wish to call attention to those who ordered pictures, there are five more to be had, and these must be sold before Christmas.

### BASKETBALL.

A basketball practice will be held to-night at 6 p.m., in Molson Hall, for all men who have not turned out before. This is a last chance for new men before the teams are selected.

### INTERMEDIATE BASKETBALL.

The following men are asked to turn out at Molson Hall to-night at 5 p.m.: R. B. Davis, J. Tanzman, R. Cummings, S. Shpitzer, H. A. Altner, B. H. Woodhouse, B. Wyse, A. Granik, L. Rapp, A. D. Starke, A. Quackenbush, J. Macdonald, G. M. Connor, W. P. Ferguson, Norton, E. Butler, C. M. Milne Neel, R. Burland, Buston, Heney, Bright and Grinson.

### CONVENTION COMMITTEE.

All members of the S.C.A. Convention Committee are requested to meet in Strathcona Hall at five o'clock this afternoon.

### STUDENT CONVENTION.

All those who wish to attend the National Conference at Toronto, Dec. 28-Jan. 2, are asked to communicate with the officials at Strathcona Hall as soon as possible.

### SENIOR BASKETBALL.

There will be a practice of the Senior squad to-day at six in the High School gymnasium.

### WRESTLING.

The following eliminations will be run off to-night at 5.15, besides a regular practice:

125 lbs.—De Lorimier vs. Mills, Science.  
135 lbs.—Howes, Science vs. Pascal, Arts.  
145 lbs.—Fisher vs. McNaughton, Meds.; Stevens vs. Ross, Science; McNaughton, Arts, vs. Cotmon, Commerce.

R. V. C. '23.

Will the girls of R.V.C. '23 who signed up for class pictures, please bring their money to Dorothy Teed, to-day or to-morrow, and receive pictures at the same time.

### WOMEN REPORTERS.

All R.V.C. and M.S.P.E. reporters to the McGill Daily are invited to attend the meeting of the Daily staff this evening to hear the address of Mr. Wright, of the Montreal Star.

### MECHANICAL CLUB.

Hear Prof. Roberts on "Bearing Lubrication" to-night. Meet in Room 53, Engineering Building, at 8 p.m. Non-members outside the Faculty are cordially invited. Refreshments will be served.

### UNION HOUSE COMMITTEE MEETING.

There will be an important meeting of the Union House Committee on Tuesday, December 12th, at 5 p.m. It is essential that every member be present.

## AT THE THEATRES

### HIS MAJESTY'S

The engagement here of De Wolf Hopper and his Gilbert and Sullivan Comic Opera Company at His Majesty's Theatre for two weeks, beginning Monday, December 11th, will be a season of delightful wit and brilliant music, for the company will present "The Mikado," "H.M.S. Pinafore," "Iolanthe" and "The Pirates of Penzance," the most delightful and merriest comic opera ever written.

Mr. Hopper long since attained the position of America's greatest comic opera comedian, and during the past twenty years no New York production of a "Gilbert and Sullivan" opera has been considered complete without his presence in the cast. In "The Mikado," which will be presented as the opening attraction, he will play "Ko-Ko," the Lord Highness Executor, which is universally regarded as one of the drollest yet most artistic comedy impersonations known to light opera. "H.M.S. Pinafore" will be played the last half of the week. While Mr. Hopper has been a star for many years, he has never lost sight of the fact that he needs a competent company in his support, and this season he probably has the finest light opera organization ever heard in this country. They are artists trained for the Gilbert and Sullivan requirements, and can render the sparkling wit of Gilbert, as well as sing the brilliant numbers of Sir Arthur Sullivan.

The principals include: Herbert Waterous, J. Humbird Duffy, Arthur Cunningham, Henry Kelly, Alice MacKenzie, Bernice Morshon and Winifred Anglin. There is a chorus of thirty that can sing, and the company carries its own musicians under the direction of Max Fichlauder. There is a special scenic production for each opera, the company carrying two 60-foot cars to transport the scenery and appointments for each opera.

The repertoire for the second week will include: "Iolanthe," which is entirely new to Montreal theatre-goers; "The Pirates of Penzance," and single repetitions of "The Mikado" and "H.M.S. Pinafore."

## CORRESPONDENCE

The Daily is not responsible for the sentiments of letters published in the correspondence columns. Signed communications from graduates, undergraduates and members of the faculties will be placed in print if they are not of too great length.

Correspondents are requested to observe the unwritten law of the newspaper office—that they write upon ONE SIDE of the paper ONLY.

The Editor,

McGill Daily:

I appreciate deeply the honor conferred upon me on Friday last, and wish, through the medium of your paper, to sincerely thank my supporters.

R. A. SHATFORD.

## LOST & FOUND

### LOST.

Will the person who took a dark green covered book, entitled "Mathematics of Finance," from the front hall table of the Diocesan College on Saturday noon kindly return same to C. D. Armitage, Comm. '24, Arts Building.

### FOUND.

A McGill watch was found in the Cafeteria on Tuesday. The owner may secure it from the Union Porter by identifying his property.

### LOST.

A pair of horn-rimmed spectacles in case, name inside of cover, lost either in Physics Building or Strathcona Hall. Finder please leave with the Janitor of the Arts Building.

A copy of Livy—Book XXI.—in the Arts Building last Thursday. Finder please return to the Janitor.

## SPLENDID MUSICAL PROGRAMME SUNDAY

The McGill Musical Association held its first musicale of the season on Sunday afternoon in the Union. E. A. Sherrard, L. M. Hovey and R. A. Moore gave some very fine selections of violin music with piano accompaniment. About one hundred students attended the meeting, but although the House Committee had tended them a special invitation, the Co-eds were not out in very great numbers. The programme was as follows:—

- 1—Concerto, D Minor . . . J. S. Bach  
Vivace.  
Largo.  
Allegro.
- 2—Sonata, D Major . . . G. F. Handel  
Andante Sostenuto.  
Allegro.  
Larghetto.  
Allegro.
- 3—Suite Op. 71, Nos. 2 & 3 . . .

The first and second items were the notable ones on the programme, although the last was a very fine rendering of the milder form of music, of which Moszkowski is so notable a composer. The first was especially to be commended in that it is a very difficult selection from the standpoint of technique.

The second, a solo by E. A. Sherrard, with piano accompaniment, was the best offering of the afternoon. Starting from a very soft slow march, the theme heightened, growing stronger and more vivid, varying always, never monotonous, until at last the climax was reached when it ended with a grand finale.

The musicale was without doubt a very great success, and it is hoped that the musical season having been thus opened, that there will be many more such entertaining Sunday afternoon concerts. The Union House Committee wishes to make it known that these musicales are not confined to the men students. The Co-eds are also cordially invited.

The quality of the music offered is excellent, and the artists are the best in the College. The McGill Musical Association is the central musical organization, and all musical activity is now controlled through this body. This is the first year of its existence, and judging from the results so far, it more than merits its existence, and is in every way successful.

Dr. Harry Pratt Judson, president of the University of Chicago.

"Of more importance to the student than making a living is the knowledge of what to do with it when he has made it," he said.

Samuel Insull, president of the Commonwealth Edison Company, made a plea for a closer alliance between universities and the business world.

"No amount of education will supply common sense, sound judgment, and character," he said.  
Dr. David Kinley, president of the University of Illinois, defended the democratic idea in education against those insisting on education of the best and not the most.

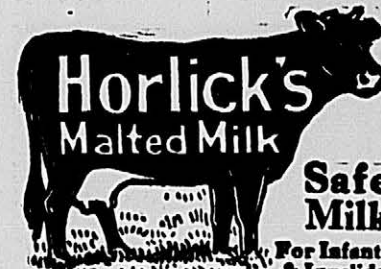

"I do not believe," he said, "that we are yet at a stage of knowledge where we can assuredly say that the so-called laws of heredity determine who shall or shall not be useful and eminent or that the wisdom of experience may be set aside by the new fangled fad of what are called psychological tests and theories for vocational guidance."

# BASKETBALL VICTORY FOR McGILL TEAM

Central "Y" Defeated in First  
Game of Season

SCORE 30-20

Manson Elected Captain of  
Red and White Team

The McGill Senior basketball team won their first game of the season on Saturday evening. They outplayed their opponents, and although the floor was too small to allow any of the spectacular work displayed last year, the combination and passing were of a high standard. The Central Y.M.C.A. presented a plucky opposition, but were handicapped by lack of weight.

The game was played under the new rules, which made it faster to watch. The new ruling gives the ball to the off-fenced team on a technical, where the foul takes place, just as if the ball were offside at this point. This, in the case of running with the ball and illegal jumps, gives no time out for free tries, thus making the speed of the game much greater. There are also two zones at each end of the floor, and if a personal foul is made on a man shooting or playing for the basket at the end of the floor where the zone is, the side of the fenced gets two free tries.

At the start of the game Manson got the jump. The ball was worked down the floor, but the Red and White forwards were unable to hit the iron ring. Central started for the other basket, but was unable to penetrate the defence. Hilton got the sphere and brought it out of the danger zone. The ball went offside and the "Y" missed another try. Crain went through the defence, but missed his try. Amaron then scored on a clever shot from almost under the basket. Little received the sphere from Manson on the jump, but although he sent it through the ring the ball went to the "Y" offside because of running. The Central team worked the ball down the floor, and Gormley scored. Amaron again got the jump, and Little scored one from under the basket. Amaron scored the next basket on a long shot from the midst of the Central team. On a personal foul Little added two more points by ringing two free tries. Clelland came up from the defence and scored for the visitors. The Central team had resorted to long shots from the centre of the floor, being unable to penetrate the heavy defence. Hilton, a new man on the Senior team, came up the floor and scored. Throughout the evening this new player showed his power as a defence man, and there is little doubt that he will hold his place on the team. With Crain and Hilton on the defence, the "Y" had no end of trouble, and were forced to risk long shots because of the inability to penetrate the guards. Manson was getting the ball all the time on the jumps during the evening. At this stage of the game the big centre nailed a pass and rolled in two more points on a difficult shot from the corner. Crain picked up a long pass down the floor and hurled the ball back to Manson, who scored again. McGill peppered the basket for a time, but were unable to put the ball into the net. Crain came up the floor and rolled one in. Manson shot a basket while heavily guarded, and a minute later Little added two points to the score. The time was up with the score at 22 to 8.

In the second period the "Y" threatened McGill time and again, but the Red and White team hit their stride, and ended the rally which the visitors had made. Turpell went on at this period. The "Y" opened the scoring on a long shot over the heads of the entire McGill team. The Red and White players got the ball again on the jump, and worked up the floor. Corriveau, of the "Y" had moved up from the defence and was playing forward. He broke into the Red and White combination and dribbled the ball down the floor for a basket. Manson opened the period for the Red and White scoring, by receiving a pass which he rolled into the net. The game went much faster, and the checking became heavier on both sides. Crain got the ball and worked it all the way up the floor on a clever bit of dribbling, and scored again. The McGill team outpaced the opposition, and Manson scored. At this stage in the play Manson and Pinck collided. Time was taken out for repairs, both men coming back into the play after a short interval. Blumenstein went on for Hilton. Amaron went on again in Turpell's place. Paquette scored two free tries on personal fouls. Central resorted to long shots. Amaron scored for McGill by rolling the ball in from under the ring. Paquette scored again on free tries. Shortly after he scored from the floor. Game ended with McGill, 30; Central "Y", 20.

After the game a short meeting of the McGill team was held, and A. B. Manson, of Vancouver, was elected Captain of the team for the coming year. Manson was the star centre of last year's team, and if he carries on as he did on Saturday night, there is little doubt but that he will go on record as one of the most powerful players that McGill has had in the game.

The team, although not yet entirely up to the standard of play which they presented at the intercollegiate games last

# FLANAGAN IS ELECTED TO CAPTAINCY

Veteran Athlete Chosen to  
Lead Hockey Team

LAST SEASON

40 Candidates Have Workout  
Saturday on Campus Rink

Cyril Flanagan, a veteran of four years on the gridiron and hockey rink, was at the close of Saturday's practice chosen to lead the 1922-23 sextette. The choice of "Flin" to captain this year's puck chasers is a logical one, and is sure to be received with the thorough approbation of the student body. The newly elected captain has shown himself to be one of the grittiest athletes that ever donned the Red and White, and it is fitting that this honour should be bestowed upon him as the crowning feature at the close of a most brilliant college athletic career. This is Flanagan's final year, and he is expected to come through with flying colors.

Saturday's workout on the campus rink was the first of the season, and Coach Shaughnessy had reason to be pleased with the showing made by the squad in its initial drill. Of last year's squad, there was Dempsey and McGreggie, the defensive pair who proved the find of last season; Flanagan, the stellar forward, and "Midget" Jack Lynch, who was a utility wing man on last year's Senior squad, and who seems to be showing sufficient improvement to warrant his holding down a regular position on this year's team. McNaughton, of last year's Intermediates, and Abbot, the mainstay of the 1921-22 Junior team. In goals, "Shag" tried out Morris, the Alberta University product, and he appeared to live up to all advance reports.

Of the new men, Finley, Laishley and Wyse showed up to best advantage, and this trio will have to be reckoned with when the intercollegiate line-up is drawn up. Moran and Brewer alternated as goal keepers for the second squad, and both gave good accounts of themselves in goals. Morrison, a new-comer from the west, is expected to turn out with the squad at to-day's workout.

The candidates for the three years number in the vicinity of forty, and are divided into two squads. The first squad, numbering about 15, was in charge of Coach Frank Shaughnessy, the remainder being looked after by "Matty" Dineen, last year's star forward, and defence man. The first squad has obtained the use of the Mount Royal Arena for Mondays, Tuesdays and Thursdays, at 6.30, while on the other days the campus rinks will be used. The men under Dineen will work out daily at five on the college rink. The men who show improvement will be promptly promoted by Matty to Shaughnessy's squad.

The men have only two weeks in which to get into shape for the opening game of the season. The usual three-day holiday trip to Boston is being arranged on the 28th, 29th and 30th of this month. One game has been definitely arranged with Boston College, whom the Red and White defeated 3-0 last year, but who the other two opponents will be has not yet been announced.

## FLANAGAN

Elected Captain of Senior Hockey Squad

year, are rapidly rounding into form, and there is little doubt that unless they run up against some remarkable teams, the protégés of Coach Van Wagner should have a clean record at the end of the year.

The line-up was as follows:  
McGill, 30. Central "Y", 20.  
Forwards.  
Little . . . . . Pinck  
Amaron . . . . . Paquette  
Centre.  
Manson . . . . . Gormley  
Defence.  
Crain . . . . . Clelland  
Hilton . . . . . Corriveau  
Spares.  
Turpell.  
Blumenstein.  
Free tries: Paquette, 4; Little, 2.  
Baskets—Manson, 6; Paquette, Amaron, 3; Little, Crain, Clelland, Corriveau, 2; Hilton and Gormley.  
Referee—P. N. Soden. Timer—Craig. Scorer—Eadie. Attendance, 150.

# B.W. AND F. HELD BOUTS ON SATURDAY

Faculty Eliminations Are  
Completed

SNAPPY BOXING

Wilson, Armstrong, Hambly,  
Champion, Martineau Win

The finals of the inter-faculty elimination bouts of the B., W. and F. were held in Molson Hall at 4 o'clock Saturday afternoon. About one hundred and fifty men were present to witness some fine bouts.

The first bout was between Sharpe and Wilson, 118 lbs., from Science. Both received a considerable amount of punishment, and Wilson seemed to be the coolest of the two. Both clinched quite often. Wilson got in some heavy blows to Sharpe's head, and Sharpe went down for a count of five in the first round, and a count of six in the second. The bout went to Wilson.

The second battle was between Reid and Armstrong from Medicine, in the 125 lb. class. This bout gave the spectators a great deal of amusement, indeed, it was a case of give and take. Armstrong had the edge as regards weight, but Reid was quicker. The decision was awarded to Armstrong.

Hambly and Dewar, in the 135 lb. class, from Arts, were the next to enter the ring. Neither man had very much science. Hambly boxed wide open. He led consistently throughout all three rounds, Dewar being on the defensive, showed lack of initiative, which brought him a great deal of punishment. The bout was awarded to Hambly.

The fourth bout was from Science, between Champoin and Neroutsos, in the 145 lb. class. Champion appeared very cool and confident, and allowed his opponent to lead throughout. Neroutsos seemed unable to land any blows, and received a considerable amount of punishment. The decision was Champion's.

Martineau and Wilson, in the 175 lb. class, were the last to enter the ring. Martineau was wary and got in two or three terrific rights to his opponent's head, and forced Wilson to the ropes. Wilson received a great deal of punishment. At the end of the first round the coach announced that Wilson's nose had been injured, and he did not wish them to continue the bout.

The following is a list of the battlers in the eliminations:

- Medicine.  
118 lbs.—Sherwin vs. Brodie. Brodie's bout by default.  
125 lbs.—Kelmar vs. Snow. Kelmar had a broken hand, and the bout went to Snow by default.  
135 lbs.—Reid vs. Armstrong. Armstrong won.  
145 lbs.—Rankin, by default.  
158 lbs.—McKinnin, by default.  
175 lbs.—McLean vs. Brown. McLean awarded decision at St. Anne's.
- Arts.  
110 lbs.—Schleiffer—no competition.  
118 lbs.—Rapkin—no competition.  
125 lbs.—Ross vs. McLean. Ross won at St. Anne's.  
135 lbs.—Hambly vs. Dewar. Hambly won bout.  
145 lbs.—Everett—no competition.  
158 lbs.—Johnson—no competition.  
175 lbs.—Wilson vs. Martineau. Martineau won.
- Commerce.  
118 lbs.—Seale—no competition.  
145 lbs.—Murphy vs. Montgomery. Murphy won by default.  
158 lbs.—Bright vs. Potter. Both defaulted.
- Science.  
118 lbs.—Sharpe vs. Wilson. Wilson's bout.  
125 lbs.—Renfret vs. Lister. Lister was given bout.  
135 lbs.—Merritt vs. Pitt. Pitt defaulted on account of a bad hand.  
145 lbs.—Champion vs. Neroutsos. Champion won.  
158 lbs.—Marshall vs. Cooke. Marshall's bout.  
175 lbs.—Black no competition.

Every faculty was well represented, and the decisions rendered by Coach Robertson were favorably received. The semi-finals and finals of the B., W. and F. bouts will be held on the nights of Dec. 16th and 18th, in the Union.

## MARITIME-WESTERN DANCE.

A limited number of tickets are available for the Maritime-Western dance to be held in the Venetian Gardens on Tuesday, Dec. 12th. They may be obtained from the following men:—  
J. G. P. Clelland—Med. '24.  
"Mac" MacNaughton—Science.  
S. G. Elliot—Med. '24.  
M. S. Lloyd—Med. '24.  
H. H. Dier—Med. Representative.  
Mr. Warren—Science Representative.  
Mr. Jardine—Arts Representative.  
H. O'Hagan—Law Representative.  
M. S. LLOYD,  
Secretary.

This Daily Week Campaign is no charity drive; it is a business proposition. Do your part and help the Council and yourself.

# A. A. U. of C. TOURNAMENT SUCCESSFUL

Many Fine Bouts Staged in  
Union on Saturday

ONE KNOCK-OUT

Marshall Won Over Beaubien  
of Cercle Outremont

The fight and wrestling fans of Montreal were treated to a fine number of bouts, on Saturday evening, at the Union. The ball room was filled to capacity, and with the additional advantage of free smokes and plenty of music, the evening was thoroughly enjoyed. Throughout the various battles in the ring and on the mat, the best of good sportsmanship was shown by all the contestants. The refereeing of the various boxing contests was divided up amongst Armstrong, M.A.A.A. instructor; Brosseau, ex-middleweight champion of Canada; Metivier and E. Robinson, of McGill. The wrestling was handled by Saxon and Egan. A knock-out was scored by Sylvester, in the second round of his bout with Jack Duchon.

The wrestling bouts were all good exhibitions of the art. In the 110 lbs. class, Bryant of McGill, threw Bouillet, after 6 minutes and 15 seconds of wrestling. Both men worked hard, with many dangerous holds and swift escapes. Bryant was given the decision.

In an exhibition bout Champagne, of M.A.A.A., wrestled Macdonald, McGill. A fall was not gained by either, but Champagne appeared slightly the cleverer man. Champagne substituted Graton, who was unable to appear.

In the 125 lb. class, Reid, of McGill, and Duchette of N.A.A.A. were so evenly matched that an extra nine minutes was necessary to decide the winner. Duchette was finally declared winner by the referee.

Howes, of McGill, and Filion, of N.A.A.A., in a fast battle, fought for 8 minutes and 20 seconds before Howes threw his opponent. Howes was awarded the bout.

One of the best contests of the evening was between Georges, of the N.A.A.A., and McNaughton, of McGill. These 145 pounds were very evenly matched, but McNaughton was awarded the decision because of his aggressiveness throughout the whole period.

In the boxing all the contests were remarkably close, and in the majority of cases the judges disagreed in their decisions, while in one fight an extra round was necessary.

In the 105 lb. class Schleiffer, of McGill and Rennie, of the Grenadier Guards, gave a fine exhibition of fast boxing. The judges gave the decision to Rennie.

Sylvester, of C.P.R., and Jack Duchon, University Settlement, 115-pounders, fought a fast, even first round, but twenty seconds after the bell for the second round, Sylvester let loose with a right hook to the chin, which dropped his opponent. It was a clean knock-out, and Sylvester deserves credit for his fine showing against the taller Duchon.

Durand, of St. Brigid's, and Chabot, of N.A.A.A., also in the 115-pound class, disagreed over the weight question, and the bout was called off.

There were three fights in the 125 lb. class, McGowan and Detner, of the M.A.A.A., gave a fast exhibition, but neither boxer showed any particular desire to hurt the other.

Adams of McGill, and Volkert, of the Guards, engaged in a slugging match. Both fighters showed poor condition. In an extra round the judges disagreed on the decision, and the referee gave it to Adams.

The third fight in this class was between Rose, of the Guards, and Anderson, of the C.P.R. Both boxed well, but the referee's decision went to Anderson.

The feature of the evening was the fight between Marshall, of McGill, and Beaubien, of Cercle Outremont. Marshall took the offensive throughout practically the whole three rounds, but Beaubien showed a masterly defensive style, which was good to match. Marshall was awarded the decision by a small margin.

One of the best bouts was between Sid Debrovsky and Sam Spunt, 65-pounders. They specialized in solar plexus punches, and at the end of the third round they knocked out the referee, Brosseau, when they found his jaw in unison with hard rights. The crowd showed their appreciation by three hearty cheers.

At the conclusion of the programme the orchestra played "God Save the King," and then many repaired to the Cafeteria, to partake of the refreshments provided them.

## WRESTLING.

- 110 lbs.—Bryant, McGill, won from Bouillet.
- 118 lbs.—Macdonald, McGill, vs. Champagne, N.A.A.A. (exhibition).
- 125 lbs.—Duchette, N.A.A.A., won from Reid, McGill.
- 135 lbs.—Howes, McGill, won from Filion, N.A.A.A.
- 145 lbs.—McNaughton, McGill, won from Georges, N.A.A.A.
- BOXING.
- 105 lbs.—Rennie Guards, won from Schleiffer, McGill.
- 115 lbs.—Sylvester, C.P.R., won from Duchon, Univ. Settlement.
- 125 lbs.—McGowan, M.A.A.A., vs. Detner, M.A.A.A. (exhibition).

# GAME TONIGHT FOR WATER POLO TEAM

The Intermediate water polo team held a final strenuous workout on Saturday at the Y.M.C.A. bath, in preparation for their game with the Montreal Swimming Club second team to-night, at the Rubenstein bath. This is the last game of the season for the Intermediates, and they plan to finish the season with a win. The Intermediates this year did not succeed in carrying off the championship honors, but they have been showing a steady improvement since the beginning of the season, and with the hard practice they have had since their last game, they have an even chance of winning the game to-night; and in any case there should be an extremely interesting exhibition of water polo.

All the men showed up well at the practice on Saturday, and a few men, Allcor and Alexander in particular, turned out to show what they could do. A hard practice with the Seniors started things going, followed by a practice game with Y.M.C.A. Juniors. The latter is a very strong team, but the Intermediates had no difficulty in disposing of it.

The line-up is as follows:  
Goal, Jardine; defence, Forsyth and Phipps; forwards, Murphy or Bethel, and Vickersen; centre, Moore.

Elected Captain of Senior Basketball Team

- 125 lbs.—Adams, McGill, won from Volkert, Guards.
- 125 lbs.—Anderson, C.P.R., won from Rose, Guards.
- 158 lbs.—Marshall, McGill, won from Beaubien, Cercle Outremont.
- 65 lbs.—Debrovsky, vs. Spunt, University Settlement (exhibition).

A little help for the Daily during the week will be a big help for the Students' Council all year.

**RAYPHONES**  
  
Price \$5.75 Complete

Rayphones have been designed to meet the exacting demands of the Marconi Wireless Telegraph Co. of Canada, Limited, for a popular priced Quality Head Set for Long Range Radiophone Reception. They are manufactured in one style and resistance only—to ensure the best possible results under all conditions. Weak or strong signals are alike received with maximum audibility and clearness—free from distortion—whether used in conjunction with a valve or crystal receiver. Rayphones represent a new standard of sensitivity and are especially suitable for Multiple Reception—six or eight pairs may, with ease, be attached in series to one Receiver, without appreciable loss in signal strength. Only the highest grade materials are used in their construction. Despite the fact that Rayphones are now being manufactured on a scale hitherto unprecedented—which alone enables them to be sold at \$5.75 a set—each and every pair is scientifically tested before being shipped and is guaranteed to give satisfaction.

**SPECIFICATION**  
Head Bands and Equipment.—Made of specially tempered steel and covered with durable cord webbing. Correctly designed to the curvature of the head, in order to ensure maximum comfort. Readily adjustable by means of a new device which by the phones may be brought into correct position in relation to the ears and securely locked. All metal parts are heavily nickel plated. Phones.—Electrically and mechanically balanced to ensure perfect reception in each ear-piece. The strong permanent magnets are of high grade carefully hardened steel, and are designed to ensure correct spacing with respect to the diaphragms, which are of proper thickness and resilience. The electro-magnets are wound to a resistance of 2,000 ohms, which is the most effective for all kinds of radio reception, and permits of maximum audibility from both weak and strong signals. The ear-pieces are of a special composition and are specially designed for comfort. Leads.—Six feet long. Made of selected copper flex of minimum electrical resistance and maximum mechanical strength, heavily insulated and covered with webbed cord. The metal terminals are nickel-plated and securely attached. Weight.—Fourteen ounces. Place Your Order Now. Supply is limited.

## DR. J. RODDICK BYERS HAS ACCEPTED NEW POSITION

**Well Known McGill Graduate Becomes Medical Officer in Charge of Tuberculosis Clinic of the Department of Soldiers' Civil Re-establishment—Rev. E. LeRoy Rice, Arts '08, Accepts Call to Newport, Vt.—Other News of the Alumni.**

Announcement is made of the appointment of Dr. J. Roddick Byers, M.D., '02, to become medical officer in charge of the tuberculosis clinic in Montreal of the Department of Soldiers' Civil Re-establishment, 201 Inspector Street. He will have his residence and office at 74 Westmount Boulevard. Since the year 1910 Dr. Byers, who enjoys a widespread reputation as a specialist in diseases of the chest, has been connected with the Laurentian Sanatorium at Ste. Agathe des Monts, Que., latterly as medical superintendent. Born at Gananoque, Ont., he was educated at the High School in that town, at McGill and at Munich and Edinburgh. For one year he was an interne on the staff of the Royal Victoria Hospital, Montreal, and afterwards practised at Sherbrooke, Que., and at Saranac Lake, N.Y. During the war he was a captain in the Canadian Army Medical Corps, and served as medical officer in charge of the Laurentian Inn Military Sanatorium and the Laurentian Sanatorium, both at Ste. Agathe.

The Congregational Church of Rock Island Que. has extended a call to Rev. H. A. Carson, Arts '02, of Cobourg, Ont., to succeed Rev. E. LeRoy Rice, Arts '08, who has accepted a call to Newport, Vt.

On Wednesday, December 6th, a son was born to Laurence H. Laffoley, Sci. '16, and Mrs. Laffoley, 1174 Cote St. Antoine Road, Montreal.

At the Montreal Maternity Hospital, on December 1st, a son was born to Dr. E. M. Laurin, Dent. '21, and Mrs. Laurin, of that city.

## STATEMENT ISSUED BY PRINCIPAL

(Continued from Page One)

sion proper was about \$70,000. The equipment, which is very costly, and other charges made up the balance of \$134,000, which was the total amount spent. There are some who have contended to me that an extension to the Library was not as important as a Gymnasium-Dormitory building. Leaving aside the question of the difference in cost of the two buildings, and having regard to the disabilities under which the Library was labouring, I, personally, do not agree with such a contention, but I do not propose to argue that matter now.

The other buildings authorized by the Governors are the Biological building (already completed), the Pathological building, and the Dental wing at the Montreal General Hospital, the latter costing \$40,000. The combined cost of the two former will necessitate the spending of \$917,000 of University funds, or \$17,000 more than our agreement with the Rockefeller Foundation called for, because it must not be forgotten that a condition attached to the Rockefeller gift of \$1,000,000 was that the University would spend \$900,000 on Medical buildings. The question whether the Rockefeller Foundation should have attached that condition to its gift is not a matter for discussion. They have paid their gift of \$1,000,000 and the Board of Governors are fulfilling their part of the contract. This means that when buildings already finished and authorized are completed the capital sum of \$1,091,000 will have been expended on buildings. Let it not be forgotten that the cost of maintenance in connection with all buildings is a serious annual charge, and so the gross cost in connection with the erection of a building is much more than what is actually spent in stone, furnishings and equipment.

At the beginning of the session 1920-21, anticipating the result of the campaign, the Board of Governors authorized an increase of salary to practically all members of the administrative and teaching staffs, as well as an increase in wages to those otherwise employed by the University. In addition to that, there has been a number of urgently necessary additions to the staff; new departments have been added and increased appropriations made to practically every department of the University's activities, and these departments are far more numerous than the majority of people realize.

Some have contended in conversations with me that the Board of Governors had no right to authorize a single addition to the staff until the Dormitory-Gymnasium had been erected. Others have contended that increased salaries granted were not justified until the Gymnasium-Dormitory building had been provided. With these contentions, I, for one, do not agree at all. The quickest and surest way to make McGill a second-class university is to have a second-class staff, second-class laboratories, second-class library and second-class administration. If we were to remain second-class in these respects we might already have had our Gymnasium-Dormitory building, but I doubt

Edward P. Cameron, past student, has been appointed pulp and paper specialist in the Forest Products Laboratories, Department of the Interior, Montreal.

The engagement is announced of Miss Lillian Glauberson, of Westmount, and Dr. David H. Ballon, Arts '08, M.D., '09, of Montreal.

At the home of the bride's sister, Mrs. F. W. Fisher, 4344 Westmount Avenue, on December 6, the marriage took place of Miss Gladys Nelson, and Dr. Robert C. Hastings, M.D., '17, of Quebec.

Dr. W. H. Hattie, M.D., '91, for years one of the leading authorities in Nova Scotia on public health, has resigned as provincial health officer for that province, and has been succeeded by Dr. A. C. Jost, M.D., '97. Dr. Hattie will hereafter devote almost his entire attention to academic work, as he occupies the chair of Public Health at Dalhousie University. Dr. Jost was formerly provincial health inspector for Nova Scotia.

McGill is represented even in far-off Peking. A letter received from Bruce Copland, graduate of Arts '22 sent from that city, brings the information that there are in that city also two other members of the same graduating year, Gavin Miller and Ken Johnson, of Medicine '22. They have constituted themselves a Graduate Society and regard their informal meetings for lunch as gatherings. The two Medical graduates are serving two year apprenticeships in the Peking Union Medical College, while Mr. Bruce Copland is attending the Peking Language School.

if any reasonably minded student, graduate or well-wisher of the University would have approved of such conduct on the part of the Board of Governors. I quite realize that a proper sense of proportion must be maintained and that it would be inadvisable to postpone the erection of the Gymnasium-Dormitory building until the staff and everything relating to the academic requirements were complete and satisfactory in all respects.

The cost of raising salaries and wages, of new departments authorized and in existence, of increased appropriations to library and to laboratories, has resulted in an additional annual expenditure of nearly \$400,000 in the session of 1922-23 as compared with the session of 1919-20—the year before the campaign. In that period additional revenue of nearly \$120,000 per annum resulted from the advance in fees. The difference, \$280,000, or thereabouts, must be annually provided and the production of that sum annually necessitates the investment of between four and a half and five million dollars. If we add the sum of \$1,091,000 which has already been spent or authorized to be spent on buildings to this four and one-half or five million dollars, we shall see that very little is left of the additional funds which will be in our hands after all subscriptions to the campaign are paid.

I have made no mention of the accumulated indebtedness which existed at the time the campaign was made, but this indebtedness amounted to \$281,000. Neither have I set forth in any great detail just how the \$400,000 above mentioned is made up, but that, I take it, is not a matter which the student-body can with propriety debate. Suffice it to say that no expenditure has been authorized without earnest consideration having been given it by the Department concerned, the Finance Committee and the Board of Governors.

On the one hand you have the student body and some departments urging, with all the powers at their command, the erection of additional buildings and the provision of additional accommodation. On the other hand, you will hear people offer the criticism that McGill is spending too much of its money on bricks and mortar. The Board of Governors does not intend to be stampeded by the arguments of either party, but will continue to make use of the funds at their disposal with the one aim and object of keeping McGill one of the leading educational institutions in the world and the great national university of Canada.

It is not the intention of this letter to intimate that the erection of a Gymnasium-Dormitory building will be postponed for years. Its main purpose is to justify the action of the Board of Governors in not proceeding with the erection of such a building during the past two years. Let me repeat that neither the student body nor the graduate body contains advocates more eager for the erection of the proposed building than are to be found among the Board of Governors, who are giving the most serious consideration to the provision of the necessary ways and means.

Yours faithfully,  
A. W. CURRIE,  
Principal.

## MANY GOING TO TORONTO CONFERENCE

**Sixty or More McGill Students Will Attend**

**DELEGATES CHOSEN**

**Stated Governor-General to Open Convention**

With the approaching of the Christmas holidays many students in McGill are looking forward to attending the National Student Conference, which is being held in Toronto from December 28th to January 2nd, under the auspices of the Student Christian Movement of Canada. According to the latest reports received from the Queen City there will be about six hundred students in attendance from all over Canada. It is also stated that the Governor-General, Baron Byng of Vimy, will be in attendance on the first day and will officially open the conference. Other prominent men who will be in attendance include Premier Drury, of Ontario, who will speak on agricultural problems; Hon. N. W. Rowell, who will deal with one of the many phases of internationalism; Principal Oliver, of the Saskatchewan Theological College, who will deliver an address on the new Canadians. Herbert Gray, successor of Henry Drummond as leader of the British Student Movement, will be present during the whole six days and will speak each morning. Two addresses will also be given every forenoon, opening the various questions, which will be up for discussion and the afternoons will be left open for informal discussions and committee meetings.

The meetings during the convention will be held in the Convocation Hall of Toronto University and all the delegates will be housed in the residences at the University. The expenses for the rooms and meals will be borne by the Toronto churches.

Here in McGill many students have been at work during the past month or so making preparations for the Conference and in consequence it is expected that a very formidable McGill delegation will be in attendance. The various churches throughout the city have been canvassed for funds and up to the present time sufficient has been obtained to pay the greater percentage of the expenses for at least fifty delegates. In all probability this number will be increased by a considerable amount but McGill is already assured an excellent representation.

The choosing of delegates is in the hands of a selection committee and great care is being taken to make the local group as representative of the whole university as possible. Many delegates have been appointed already and their names will be published within the next few days. However, the number is by no means limited and those who desire to be in attendance and can bear the expenses are asked to communicate with the officials at Strathcona Hall as soon as possible. The total expenses will amount of about thirty-five dollars, including registration, railway fare, meals on the train and board and room for six days in Toronto.

The McGill delegates will leave Montreal on the morning of December 28th but the final train arrangements have not been concluded as yet. There is some possibility that a special train will be arranged, meeting here with the students from the Maritime Provinces.

Several well known people from McGill intend to be present, including Dean and Mrs. Adams, Dr. Best and Dr. Gifford. Principal Smythe is also going, unless he is detained by previous engagements.

But local students have been active not only in raising of funds for this event but many have also been preparing themselves so that they will be able to deal intelligently with the problems which will be brought up for discussion. The chief questions which will be dealt with are: Problems of the rural communities; various aspects of industry and labour; racial questions, within and with Canada; immigration; foreign missions, their purposes and their accomplishments.

A special pamphlet has been published dealing with these topics and is being used at present by several of the discussion groups, which meet regularly at Strathcona Hall. Reference books have also been placed on the shelves in the library. Those who are planning to go to these meetings are asked by those who are in charge of the McGill section to study these questions in order that they may have definite thoughts and not merely vague ideas.

## WESTERNERS WIN THE RIFLE SHOOT

The results of the Intercollegiate Rifle Shoot have just been announced, showing a win for the University of Manitoba. According to the rules of the competition each club could shoot on a day chosen by itself, which ac-

counts for the delay, since the McGill team shot on October 29th.

The following letter was received yesterday from headquarters announcing the winner:

"The Inter-University rifle shooting competition for 1922 held under the auspices of the D.C.R.A. has just been concluded (Saturday, December 2nd being the final date for receiving scores), and the University of Manitoba C.O.T.C. team was successful in winning the challenge trophy, and the eight replicas which accompany it. The scores of the leading teams are as follows:

University of Manitoba.....748  
University of Toronto.....676  
McGill University.....663

"Yours truly,  
"R. J. BIRDWHISTLE"

## OTHER CAMPUSES

### YALE UNIVERSITY

On December 4th, William J. Bingham, retiring Harvard University track and field director, sailed for England to conclude plans for the Harvard-Yale and Oxford-Cambridge track and field meet. One of Mr. Bingham's objects of the trip is the setting of a definite date for the event, now scheduled to take place sometime in July. The meet is expected to consist of eleven events if the proposed adoption of the 220-yard run and the pole vault meet approval. Indications at present point to a Harvard-Yale

Commencement Meet, which means that for the first time in more than forty years the two track squads will not close their season with the Intercollegiate.

### UNIVERSITY OF FLORIDA

Coach Bill Kline's University of Florida eleven brought their 1922 football campaign to a glorious close by defeating the Tiger eleven in a score of 47-14. The game was played at Jacksonville, Fla. The largest crowd of the season witnessed the contest, a part of which was a good percentage of the University of Florida student body. Throughout the season the team lost only two games, those being to Furman and Harvard, with very close scores.

**WEST VIRGINIA UNIVERSITY**  
Doris E. Williams, St. Mary's College of Arts and Sciences, and John P. Helmick, School of Medicine, made the highest score in the psychological tests given to freshmen, according to a report by the Department of Education. Their grade was 152 on a basis of 168 points regarded as perfect. The Arts students had an average percentage of 83.7. Among thirty-four arts colleges, the numerical standard is 86.6 points (average).

Think before you go into a store. Do they advertise in the Daily?

There are enough responsible merchants advertising in the Daily to supply the undergraduates with everything they need. Look over their ads. before you go downtown.
